

Submitter: Lindsay Robbins

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

While I'm sure this bill is well-intentioned, it will only further exasperate the housing crises. Landlords will be selling off their properties at a higher rate further decreasing affordable housing. We want more rentals (affordable housing), not less. How many homes have turned over since the last bill from rentals to primary residences? It's becoming non-viable to be a 30 day+ landlord in Oregon sadly.
