

Submitter: Susan Wolling

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2659

Climate change is progressing rapidly, and we know we need to make major changes--but cities throughout Oregon have been unable to make the significant changes that might make citizens unhappy. A statewide requirement enables cities to make needed changes that are politically difficult. As a citizen who sees our forests burning every summer, and feels summer heat waves getting more intense and dangerous, I'm more than ready for Oregon cities to address climate change.
