

Submitter: Scott W Myers

On Behalf Of: Grant County Fair

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2948

To Whom It May Concern:

I appreciate and respect the tough decisions that each of you make, on every important issue before you. I would like to convey my support for HB 2948. Our Fairgrounds Pavilion is used for an Emergency Cooling Center, Warming Center, Emergency Evacuation Center, Smoke Relief Center and a Vaccination Clinic for life saving Pandemic Vaccinations as of late. It is a Pumice block structure built in the 1960's. The funding related to this Bill would be vital to it's survival.

Thank you for the opportunity to provide Testimony,

Scott W. Myers
Grant County Judge
