Concealed carry holders are the most informed, trained and safe firearms owners in America and help keep our county safe, our right to bear arms shall not be infringed apron. This is not a debatable subject, and has been well defined in the 2nd amendment, please do not allow our county to become communist it is your responsibility as elected government officials to protect against this infringement, please help the majority of American citizens by representing us in throwing out this detrimental, illegal and oppressive bill.

The disciplinary consequences of the bill are far and away on the extremist side of the American peoples views and only represents a small vocal group of misguided folks.
