

Submitter: Judith Sugg

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

Thank you for considering HB 3390. I am an Oregon resident supporting this bill to ban the sale of new fur products. The conditions that these animals live in are horrendous and they are typically killed by anal electrocution, neck breaking, or other gruesome methods. I hope you will listen and humanely vote in support of this bill.
