

Submitter: Kyle Krebs

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

I am a trapper and rancher from ND. Who is strongly opposed to any law prohibiting the sale of fur or fur products. There is no greater harm to our wildlife than making them worthless. Many many things are made directly or indirectly from fur and leather. Not to mention taxidermy products. Fur is beautiful, warm , and functional and if you don't want to wear fur that is your right but it's also mine to wear it but it or manufacturer it.

I apologize for not being much good at writing letters but I'm more than willing to talk and educate anyone who want to listen on this subject. 701 290 9082

Thank you

Kyle A Krebs
