Please move into the 21st century and ban this horrific practice. It may have had a good purpose in 1823 but it's way way way out of date now. If you can't do it for animals' sakes, do it for kids! I nearly stepped in one on my way to school when I was a kid. It missed me by a 1/4 in, snapping closed on my mitten as I pulled back my hand from poking the "bait". Thank good I had 8 year old reflexes.
