Committee: House Committee On Judiciary

Measure: HB2005

Chair Kropf, Vice Chairs Andersen and Walan and members of the House Judiciary Committee:

I am writing in support of HB 2005. I am concerned about the number of firearms in our communities already, and without punishment like this, people will continue to manufacture and profit from these types of gun sales. I have a teenage daughter whose volleyball teammate was the victim of gun violence, catching a stray bullet in the head, while out with friends. It's not okay. We need to protect our children, and all in our communities.
