Measure: HB2007

Chair Kropf, Vice Chairs Andersen and Walan and members of the House Judiciary Committee:

I am writing in support of HB 2006. I am concerned about how many guns are in our communities. Protecting public buildings may reduce people's ability to carry firearms as frequently, reducing accidents and gun deaths. I have a teenage daughter whose volleyball teammate was the victim of gun violence, catching a stray bullet in the head, while out with friends. It's not okay. We need to protect our children, and all in our communities.
