On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

Chair Kropf, Vice Chairs Andersen and Walan and members of the House Judiciary Committee:

I am writing to urge you to please pass HB 2007. Gun free zones should be just that, gun free zones! This issue is very important to me as my son attends a public high school in Portland and I spend a lot of time in healthcare settings all over the county. With the increased gun violence in Portland both in and out of schools, I am fearful every day when my son drives off to school. Recently his school went into lock down and there was a period of time when I couldn't reach him...that truly frightened me. We had to have a discussion that evening about communication during such events, something I hope one day parents will not have to talk about at the dinner table.

Thank you for listening.
