On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

How many gun ban bills do we need before you have taken all the lawful gun owners rights away but still have rampant crime and gun violence. It is time to enforce the laws that you have and quit infringement on our second amendment rights. We need to give police the power and manpower to enforce the laws that we have and go back to teaching morals and maybe then you will start to see a decline in violence. Quit trying to take away the right of the honest man to defend himself. Thank you for your consideration.
