Measure: HB3390

Thank you for having a hearing on HB 3390. I am an Oregon resident in Prineville, and I support this bill. I had no idea that this cruel containment and torturous killing methods were going on in our state. If other people were aware of this, they too would be appalled. California has banned the sale of new fur products, and Oregon should be next to prevent profiting off animals who are forced to stay inside cages with wire mesh flooring in extreme temperatures and typically killed by anal electrocution, neck breaking, or other crude and gruesome methods.
