Measure: HB2006

I strongly oppose HB 2006. This bill, if passed, would prohibit 18-20 year old residents of Oregon from possessing certain firearms that are in common use and are overwhelmingly popular for self defense. 18-20 year old residents will be put at significant disadvantage if the need to defend one's self should ever arise as they would not be legally allowed to purchase firearms that are better suited to defensive situations. Additionally this bill doesn't meet the text, history, and tradition requirements set by the NYSRPA V. Bruen decision.
