

Submitter: Mike Courtney

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I oppose HB2006. People between the ages of 18 and 21 would be adversely affected, while still being able to serve in our military in defense of Americans and others. Given that they can do this, it makes no sense to take away their right to purchase the means to defend themselves in their homes or on American streets. Please vote no on HB2006!
