

Submitter: Nancy Daniel

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB2659

Delaying implementation of measures to slow climate change is not an option. This bill is nothing but a delaying tactic. I have no idea who benefits by delay; perhaps some industries see an opportunity to increase their profits. Profits for some cannot take priority over keeping Planet Earth safe for human life. Rule making can catch up with measures as they are instituted and progress.
