

Submitter: Brenda Barr

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

Regarding HB2006 Raising age from 18 to 21

I am opposed to passage of this bill. First, please read the United States Constitution and Bill of Rights.

Also, the Oregon Legislature, under oath, is to represent and protect all Oregonian's rights, and not to

create unconstitutional laws. If 18 year olds can join the military to protect our country, our families, and

even protect you, why should they be discriminated against in Oregon for lawful purchase and carrying of

firearms? Start incarcerating real criminals instead of flooding our streets with repeat offenders.
