Committee: House Committee On Judiciary  
Measure: HB2007

This bill is an outrageous infringement of our constitutional rights. CHL holders are some of the most law abiding, pro law enforcement, defenders of the innocent you will find.

Numerous crimes have been stopped by citizens legally carrying firearms. Many of whom are Women! What about Women who carry because they are the victim of domestic violence or stalking??

Why do Democrats and a few Republicans want to take away law abiding citizens rights while lessening sentences for violent criminals? Whose side are they on? The person without the CHL permit is the one you better start worrying about. They are the robbers, murderers, rapists and gang members.

Stop trying to make law abiding Oregonians felons because of your own bias. Thank you.
