

Submitter: Elizabeth Manvel
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

Thank you, Chair Kropf, Vice-Chairs Andersen and Wallan, and Members of the Committee, for taking on this important bill.

Please vote yes to advance this legislation. Thankfully this bill protects and clarifies the types of firearms people can buy before turning 21. And more thankfully, this keeps young people from being able to buy weapons of war before turning 21. This bill will make us all safer.
