Committee: House Committee On Judiciary

Measure: HB2006

We should not be restricting the rights of our fellow citizens. We allow those under 21 to drive a vehicle which can harm more people than a firearm can, but we allow those able to drive the ability to legally at the age of 16. The issue at hand is a mental one not a physical object itself. We need to enforce the laws on the books to help protect people not take away the ability to protect one's self.
