

Submitter: Debbie Wood
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3390

To Whom It May Concern,

As a Native Oregonian, I oppose this bill as trapping is conservation. There are already regulations on fur trade. We are losing what this state was founded on. Rural Oregonian have been trapping and trading for years. This is conservation and in some cases the only winter income for families. Please Oppose this bill.

Thank you
