Measure: HB3390

Thank you for having a hearing on HB 3390. I am an Oregon resident in Hillsboro, and I support this bill. California has banned the sale of new fur products, and Oregon should be next to prevent profiting off animals who are forced to stay inside cages with wire mesh flooring in extreme temperatures and typically killed by anal electrocution, neck breaking, or other crude and gruesome methods. There are so many faux alternatives. There's no reason why animals should be killed for their fur.
