

Submitter: brenda sisson

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I oppose this bill.

Government should not dictate the rental monies of said owner of rental property. It is their private property. If this becomes law, landlords will sell their rentals which is in part, their income, investment. This is over reach of Government, pure and simple. STOP!

If there is a dispute between landlord and tenant, there are avenues for settlements through the courts.

Thank you,
Brenda Sisson
