Measure: SB348

I completely oppose SB-348. I oppose every bit of this unconstitutional endeavor. This will, once again, almost immediately turn law-abiding citizens and young Oregonians into 'Over-Night' Criminals. Murder, rape, robbery, armed robbery and ANY crime one could commit with a firearm are ALREADY ILLEGAL. Do ANY of you suppose that the CRIMINALS who Continue to commit crimes will Suddenly Read this? Those who are Not criminals will continue to uphold and obey the law. Those who ARE criminals will continue to disregard and disobey the law. This foolish attempt at...'law' (??), SB-348, is Nothing more than someones or some groups idea of a way to punish law-abiding people that do not agree with their ideologies. I live in Ashland where we have little violence of any kind in comparison with the rest of our State. Yet it Remains SO Obvious WHERE Gun Violence and Crime CONTINUE to take place at the Highest percentage (almost 97%), in only a VERY few areas of our Largest City! And, EVERY Crime that is committed with or without a firearm is ALREADY Illegal! This Poorly written and totally biased SB-348 does ABSOLUTELY nothing to alleviate ANY Problems. I oppose this in Every way and think it an absolute SHAME that this has EVER reached this far and that such an Obtuse WASTE of Taxpayer Money could ever have any backing, especially from our Obviously Intelligent and Caring Political LEADERS that The People have Elected and placed our TRUST IN. Please, PLEASE do NOT allow this bias, prejudice and Racist SB-348 to EVER succeed. Thank you Very much.
