

Submitter: Duane Waller
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I oppose this legislation. It is an end run around a court decision. This is treasonous. Any Legislator that votes for this should be cast out from the body and not allowed to hold public office.

I did not provide my permission to have my rights abrogated, subjugated, altered or taken in any way.
If this passes, thousands of Oregonians will become criminals.

I will not comply.
