Measure: HB3390

Thank you for having a hearing on HB 3390. I am an Oregon resident in Wood Village, and I support this bill. The state of California has banned the sale of new fur products, and now Oregon can be the next. Together we can prevent companies from profiting off of animals who are horrendously abused in these tiny cages with wire mesh flooring, kept in extreme temperatures, and typically killed by anal electrocution, neck breaking, and other cruel and gruesome methods.

I am proud to be an Oregonian, where environmentalism and species protection has long been a priority. Let's continue on our path in the right direction.

Thank you,

Ashley Adams
