

Submitter: Rodney John Tombleson
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB527

Any politician proposing these stupid unconstitutional laws should be kicked out of the political area. You are violating your oath of office, Article 4 of the US constitution and also the Oregon oath of office.

Don't ask private business people to violate the law of the land!

Young people need to protect themselves too. It's not up to a business to prevent enjoyment of life, liberty, and the pursuit of happiness.
