

Submitter: Brandon Powers

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

On behalf of the fly fishing and travel industry, I oppose this bill as it would have a huge negative impact on not only the sporting business in Oregon, but would adversely impact the fly fishing industry be wise one of the worlds largest suppliers of fly tying materials is located in the state. The bill would have a tremendous impact on the livelihood of folks around the world.
