

Submitter: Jimmy Powell

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I strongly oppose this proposal to further limit the amount of future rent increases needed to keep up with accelerating operating expenses. The combined city water, sewer, & storm water drainage charges per unit have gone up over 10 fold in the past 25 years, and rents have gone up just 4 fold in that same time frame, making it very difficult to fix, repair, and maintain a 65 year old trailer park!
