

Submitter: Carl Horning
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

To whom it may concern.

Hello, my name is Carl Horning an Oregonian for over 46 years. I have worked in the fire service for over 25 years and my family has operated a small buisness here for more than 40 years.

I am writing you to oppose SB 348, on two points. This is a cut and past of messure 114, please let the system work and let the courts do the job they have to do. With SB348 being created it only shows that some people in our states government do not believe in the rule of law and the system we have. Some can argue that this only can point to a dictatorship style of government that some might be hoping for.

My second point is the emergency clause, we in Oregon have seen this clause used to many times. This clause should only be used when we have an emergency, not when the government is afraid of its people or the rule of law.

Please let the courts handle measure 114 first, show us that you believe in our system of government.

Thank you for your time.

Carl H.
