

Submitter: Darrin Hunt Rattenborg
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3390

I'm a fly fisherman that strongly opposes this ban. I enjoy tying flies and this bill would make it illegal to acquire the materials necessary for this hobby. This bill would impact the fly fishing community worldwide as the leading fly tying supplier Hareline Dubbin is based out of Monroe. I don't know what the bill is trying to accomplish but if there is a fur problem please consider banning specific furs and not a blanket ban on all fur.
