Committee: House Committee On Judiciary  
Measure: HB3390

Utilizing Fur is ingrained in mankind from the beginning of time.  
Fur is worn in great honor to the spirit of the animal.  
The first explorers to Oregon were fur traders.  
My grandfather was a trapper, born in 1898  
He trapped into his 80's mostly for farmers losing livestock and crops.  
There are already many regulations from ODFW  
To ban fur trade is unacceptable.
