

Submitter: Bryan Train

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I live 13.5 miles from town so that means where I live we have two county deputies on shift that are well over an hour response time so you are wanting to take away my means to protect my family. So instead of wasting money an how you can take away my Constitutional rights why not fund that money to counties to hire more law enforcement and help staff our jails and prosecute the criminals not the law abiding citizens.
