

Submitter: Zachary Caster  
On Behalf Of: Oregon Patriot Defense Force  
Committee: Senate Committee On Judiciary  
Measure: SB348

As the President and Co-Founder of Oregon Patriot Defense Force a Gun Rights advocacy Group. We urge you not to pass this bill not only would this bill make law abiding Citizens Criminals it would also Circumvent the courts Ruling that places an injunction on Meadure 114. This bill is dangerous and will cost life's. As an individual who is not only the President and Co-Founder but also is GAY and has Used a Gun to defend Myself and friends from a guy bent on attacking us and causing us grave bodily injury. Allowing this bill to go forward would hurt the Minority Communities that are being effected by shootings. I am also a licensed security guard who has responded to an Active Shooter Event and wished I was armed to defend myself, the clients Property, and the residents of the Property. If this bill passes because you decide to act tyrannical you could put lives of Minorities and Private Security Providers as well as everyday Oregonians at risk of death or Grave bodily injury because of the lack of means to defend Ourselves. Even if this does pass  
I WILL NOT COMPLY.
