Measure: SB348

It is quite clear that the purpose of this bill is to use the legislature to do what the courts will not do at present. This bill is not designed to stop criminals from getting guns but is designed to pile on fees and restrictions to make lawful gun ownership as expensive and as onerous as possible, in addition to using ex post facto law to create as many felons as possible. This is as underhanded and as diabolical as it gets and proves beyond a shadow of any doubt that the Democrats in Salem will abuse every branch of government to impose their tyranny on the people by hook or by crook.
