Measure: SB348

This bill is just another example of an attack on law abiding citizens when it comes to our second amendment. Most law ABIDING citizens will eventually comply because they don't want to be criminals. Which is exactly why these types of bills should NOT pass. It weakens our rights and lessens the ways in which we can protect our selves and our family against foreign and yes.... domestic threats. Criminals are just that... criminals!!!! They could absolutely care less about illegally obtaining a high capacity magazine, or passing a background check, or taking a training class to obtain a permit to purchase. The firearms they use are usually obtained illegally anyways. Not to mention it's incredibly illegal to murder... I mean duh right... but again, they still do it. Why? Because they're criminals. So if you think they're going to follow yet another set of laws... your sorely and sadly mistaken. No law abiding citizen should have to jump through extra hoops to exercise their second amendment rights. Stop taking away the people's rights to protect themselves and and the ones around them! What part of "SHALL NOT BE INFRINGED" is so hard to understand?
