Measure: SB348

Sirs/Madam, I am writing in opposition to SB 348. You are trying to put dangerous lipstick on an already stuck pig, Measure 114. SB 348 makes you not only look like the grievous gun grabbers that you are but you are putting the very people that need personal gun protection the most in the most dangerous position - to price them out and then leave them hanging.

You will not use your backdoor politics and executive positions to undo our Second Amendment rights. We are the lawful, tax paying, gun owning citizens that keep this state humming, even as you attempt to throw our hard earned tax dollars and our rights and freedoms out the door like so much confetti we will still be standing. Even as you stand behind the criminals, the illegals and the drug cartels it's the hard working, law abiding citizens and gun owners that will still be doing the hard job of trying to keep Oregon from turning into a socialist nightmare. By taking the guns away from us you make this sad state even more dangerous. Get the guns away from the criminals, keep the criminals IN PRISON and work for the good guys for a change. Because the Oregon legislature and the Dem governors that Portland keeps electing are rooting for the WRONG SIDE - AGAIN! Clean up the streets, the drugs, the crimes and the schools then maybe we can talk. APPLY the gun laws already in place and then maybe things will get better. Writing MORE gun laws and making it harder for the law abiding to own guns is NEVER going to fly with the righteous. So just STOP. 2A forever. Thank you. Andrew and Linda Sandeen
