

Submitter: Larry Reeves  
On Behalf Of: Winston  
Committee: Senate Committee On Judiciary  
Measure: SB348

Any and every bill that has anything to do with gun control is unconstitutional.  
I think it was Franklin that said anyone who gives up liberty for security, deserves  
neither.  
We know that the cities in America with the most stringent gun laws have the most  
crime.  
That is by design.  
The Boston Bombers did not need guns to kill. Criminals will always get weapons.  
Good God fearing American Shall Not Be Infringed.  
Please vote no on this bill.
