Measure: SB527

I OPPOSE this bill. This bill supports HB2006, and I strongly oppose HB2006. SB527 states that they have to “create exemption from antidiscrimination statute for enforcement of policies that impose age based restrictions”. It actively states that they are going to allow age based discrimination in order to pass this bill and meet their own political agendas, instead of protecting the 2nd Amendment Rights of Oregonians. This year the Oregon Legislature is actively attempting to pass multiple legislation that ends up restricting and/or removing the rights of legal gun owners. I oppose any such legislation.
