Measure: SB348

People,

The changes proposed to Measure 114 is definitely unconstitutional - you shall NOT infringe upon our 2nd amendment right to bear arms by making the process costly to implement and time consuming for the process. Your changes such as waiting periods, increasing the minimum age to purchase, decreasing magazines are ALL INFRINGEMENTS on the rights granted us in the 2nd Amendment - it cannot be declared by the state. Oregonians know their rights, expect a court to settle this- all the way to the Supreme Court, if necessary for you to stop.
