I oppose this bill STRONGLY. This is just another swipe at our 2nd Amendment rights. Another one to oppose. Where is the diversity equity and inclusion you all brag so much about? There's zero equity and inclusion in this bill when you want to raise the cost for us to protect ourselves. How will the poor protect themselves? Is this the point, to make the poor MORE vulnerable?

How does it make sense to make it illegal for an 18-21 year-old to own a firearm, but they can join the military and be trained in combat, to shoot and kill an enemy, all under the age of 21? Yet, this is totally illegal in Oregon? This just doesn't make sense.

How about that you are continually trying to make it more difficult, by trampling on our 2nd Amendment rights no less, to protect ourselves? What if you're a battered woman, trying to protect yourself from an abusive husband, but you have to apply for training, apply for the permit, then maybe you'll get permission to purchase the firearm (now we're talking the battered housewife has furnished over \$200 in fees prior to even purchasing the firearm). Now she can't afford the pistol because of Oregon's UNCONSTITUTIONAL firearm laws..... oh, now the husband has murdered her. Good job Oregon legislature, you've just let a woman be killed under your ridiculous, unconstitutional, gun grab.
