

Submitter: Charles Costanzo
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I know I am wasting my time trying to convince Marxist Democrats, drunk with tyrannical power and some lazy Republicans all of whom are trying to reduce the ability of the average citizen to protect themselves against a gun toting criminal. But I will donate every penny I can to take this to the courts where similar measures have been found to be unconstitutional.

It's a shame that individual freedom and liberty are under assault by dictatorial tyrants.. Putin would be proud of you.
