

Submitter: Ben Kibler
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB3390

I am in opposition of this bill as it will waste the animal hide and cause hardship on the farmer and the harvesters. Oregon is a State of many farms, and respect of the carcass is held very highly. Those that prepose these bills are extremetist forcing their religion on all. People have humanely harvested animals for all of time. This is also pushing on unconstitutional. The freedom of trade and commerce is a constitutional norm that conceives the sale and purchase of goods and services among or within sovereign states and customs territories as an exchange without government discrimination. As such, it constitutionalizes the political economy of jurisdictions. Animal hides are used in gloves, clothing, rugs, furniture and much more. I pray that you as elected officials grow a pair and stand up for our rights. God bless you all.
