

Submitter: Mike Armstrong

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose SB348.

Proponents and supporters of SB348 are wrong believing this will put a dent in illegal gun possession and use.

Going around the judicial process by playing power politics, slamming this thru without time for the people you represent to fully understand what you're doing, and ignoring the will of perhaps a majority of Oregonians is beyond disgraceful.

Your actions will create an unintended reaction.
