Measure: SB527

For goodness sake stop treating our young adults like children! Adult status and all the rights and responsibilities should be defined buy Legal age to vote, serve in the Military, enter into a contract, and consent. All rights as an adult or none, let's make up our mind on what age that should be.

Typical of modern day gun legislation, In our zeal to fix the problem with laws we punish and take away the rights of law abiding citizens.
