

Submitter: Ben Kibler
On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB348

I am in opposition of this entire bill. The constitution clearly states shall not be infringed. I joined the military at 17 years old and so did many of my friends. We still have 17 year olds joining the service. It blows my mind how far tyrannical this State has become to allow open air drug use, rapes, human trafficking but wants to limit harvesting our own livestock and self protection against the criminals. Your energy should be spent on cleaning up our State, fixing infrastructure, providing clean water, and providing health care and drug treatments for the many thousands of people on our streets. We are losing businesses at an ungodly rate due to incompetence in this State. Our elections are in question and those in the top positions of Government have blood on their hands with the overbearing drug use and lack of care here. Permits only work for law abiding citizens much like locks on doors. Criminals will always have firearms and can break windows. Look at what you all have created in Oregon. Complete chaos. Do us all a favor and pay attention to the U.S. Supreme court that has struck down many States legislations against permits and magazine capacities. You guys need to Stand up or go quit. I pray to God that your accountability comes soon. I stand against this bill and 114. God bless
