

Submitter: Steve Allen

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

Im tired of my rights being stepped on by you politicians. It's our rights to buy guns and ammunition without being harassed ! You people keep attacking our rights with bills and regulations that only are intended to force good legal citizens and do nothing to stop the illegal from getting gun! You all are communistic hypocrites! You have no desire to make this stat better but just to harass citizens! Sickening
