

Submitter: Sarah Furber  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB348

Not only does this sneaky bill subvert the Constitution, the provisions of SB348 were not voted on by the people.

To further tax law abiding citizens to exercise a foundational, Constitutional Right is not only illegal, it is immoral.

Depriving people of their legally purchased property is a fourth amendment violation, undo seizure of property.

Please do not let SB 348 pass.

Oregon has become a laughing stock; please fix the schools, fix the roads, fix PERS...Do your job and stop going after our Rights.
