

Submitter: Mary Roberts  
On Behalf Of:  
Committee: Senate Committee On Judiciary  
Measure: SB348

As an Oregonian born and raised and an Army veteran who served over seas to defend our country I know something about swearing an oath to support and defend the constitution. I am sickened to see the news everyday reporting so much crime in our state and see the growing lawlessness. But I am equally upset to hear and see over and over how crimes are going un punished. In this environment where crime is rising and going unpunished, I fail to see how adding new laws that only affect the law abiding citizen does anything but make more good citizens unarmed and defenseless when it seems this new environment requires the opposite. I am opposed to SB348.
