

Submitter: Donald Noldge

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB348

I oppose SB 348, as we are all aware that Measure 114 implementation was unconstitutional and now is under court review for legal standing. So instead of waiting on the legal system to run its course you simply create a new bill, SB 348 so that you can slip it pass citizens of Oregon. What you legislators need to understand, we the voting citizens in Oregon are not stupid but also know our Constitutional Rights. If you can not be forth right, honest and have integrity you clearly do not represent the people of Oregon but are only there to self serve oneself.

I strictly oppose SB348 and find your actions unconstitutional.
