Measure: SB348

Shame on you for announcing at 7 pm on a Friday for a 5 pm Monday. You have no Right to strip me of my right to defend myself. The founding fathers of this country created the second amendment for a very solid reason. So we the people can defend ourselves more especially these days with this banana republic. Yes you the very people voted in to protect us we the people. You have threatened to destroy and are weaponizing our department of justice against us. I am a life long resident of Oregon and it is my RIGHT to free speech and my RIGHT to bear arms. You want to embrace criminals and treat upstanding citizens as criminals you are absurd in your tyrannical fascist alter reality. You have overstepped we the people are fed up with your lies and your over reach. If you outlaw guns for the real tax payers and law abiding citizens only your filthy lawless homeless incampments will have guns. NO just like COVID the planned demic your lies we will not comply EVER. Get your hands out of my pockets and quit telling me what to do. You the Democratic Party fascists nazis have destroyed MY State. Do the math since mail in voting began you have controlled. We need to cut the cancer called Portland out of Oregon it is destroying us. Do not tread on me or my rights anymore enough is enough.
